About Newlife:

Simply put, Newlife's mission is to change lives; to change the lives of those we so passionately serve. Newlife exists because there are an estimated 1 million disabled children in the UK today, many need help and support. We believe that disabled, terminally ill children and their families deserve to have:

- The vital equipment they depend on. Such equipment makes a real difference to the daily lives of disabled, terminally ill children and their families, giving them the quality of life they deserve. What's more we believe that disabled children should get this equipment when they need it which is why Newlife runs the UK's only emergency service. This service provides equipment to children who are in urgent need of equipment because they are unsafe, suffering needless pain or are terminally ill, often delivering across the UK within 72 hours. Newlife is now the UK's largest charity provider of this specialist equipment for disabled and terminally ill children.
- A trusted, confidential service that families can turn to. Newlife's free national helpline and online chat service is run by qualified nurses and supported by other dedicated healthcare professionals providing information and support when it is really needed.
- Real hope for the future. Newlife funds pioneering Medical Research at leading UK Hospitals and Universities, to identify anomalies in genes that cause birth defects, to

find new treatments and to find new techniques which may, in the future, prevent these devastating conditions from ever occurring.

- A voice. Newlife campaigns for change to get a fairer deal for families with disabled children. Many parents feel they have an uphill battle to get the support they need. Newlife helps give them a voice on important issues to overcome isolation and seek out improvements. Newlife highlights important issues and campaigns for change at both national and local government level.

Known for our commitment, integrity, passion, creativity and compassion, Newlife is the UK's leading child health and research charity. Our vision is to ensure that children with disabilities or terminal illness and their families are fully supported, have the assistance they need, have health improved and that decision makers understand and respond to their needs.
