#### About Newlife:

Simply put, Newlife's mission is to change lives; to change the lives of those we so passionately serve. Newlife exists because there are an estimated 1 million disabled children in the UK today, many need help and support. We believe that disabled, terminally ill children and their families deserve to have:

- The vital equipment they depend on. Such equipment makes a real difference to the daily lives of disabled, terminally ill children and their families, giving them the quality of life they deserve. What's more we believe that disabled children should get this equipment when they need it which is why Newlife runs the UK's only emergency service. This service provides equipment to children who are in urgent need of equipment because they are unsafe, suffering needless pain or are terminally ill, often delivering across the UK within 72 hours. Newlife is now the UK's largest charity provider of this specialist equipment for disabled and terminally ill children.
- A trusted, confidential service that families can turn to. Newlife's free national helpline and online chat service is run by qualified nurses and supported by other dedicated healthcare professionals providing information and support when it is really needed.
- Real hope for the future. Newlife funds pioneering Medical Research at leading UK Hospitals and Universities, to identify anomalies in genes that cause birth defects, to

find new treatments and to find new techniques which may, in the future, prevent these devastating conditions from ever occurring.

- A voice. Newlife campaigns for change to get a fairer deal for families with disabled children. Many parents feel they have an uphill battle to get the support they need. Newlife helps give them a voice on important issues to overcome isolation and seek out improvements. Newlife highlights important issues and campaigns for change at both national and local government level.

Known for our commitment, integrity, passion, creativity and compassion, Newlife is the UK's leading child health and research charity. Our vision is to ensure that children with disabilities or terminal illness and their families are fully supported, have the assistance they need, have health improved and that decision makers understand and respond to their needs.

### **Post Summary:**

Working in our busy warehouse this post offers you the chance to be part of a rewarding not for profit organisation that helps to change the lives of children and families across the UK.

Primarily you will be working on the loading bay with goods in, including supporting with the unloading of deliveries and distribution of them to the correct storage location in the warehouse. You may also assist with the dispatch of goods out when needed. All aspects of this role will require you to be able to carry out manual handling.

In addition, as required you will provide relief cover to the Van Drivers with responsibility for the provision of a delivery and collection service.

This role will be customer facing and therefore requires an individual with good communication skills who can demonstrate experience of providing face to face service to a diverse customer base and evidence of 'going the extra mile' to ensure customer satisfaction every time.

If you feel you have the essential (must have) requirements and can also demonstrate a significant number of points from the desired (could have) requirements shown, please apply.

### **Essential Requirements: You must have:**

- Clean driving license
- Confident and clear communication skills
- Experience in customer service environment and demonstrable track record in provision of customer service
- Ability to work quickly, efficiently- able to load and unload stock onto the delivery vehicle safely and without causing damage
- Ability to respond positively to changes in pressure of work without reduction in quality of work or operational efficiency
- Basic but good numeracy and literacy skills
- Ability to be precise and detailed in your work as accuracy is very important.
- Motivation and ability to work on your own initiative but also be able to work as part

of a team

- A good work ethic, targets have to be achieved, so we can be profitable and achieve our aims.
- Ability to work overtime during busy periods

Due the nature of this role the successful candidates should ideally be able to:

- Carry out lifting in line with manual handling training
- Move roll cages and other equipment in line with health and safety training

### **Desirable Requirements: You could have:**

- Previous warehouse / loading bay experience or experience in a similar processing environment, although this is not essential to the role.
